

C.2.13 (Policy) Smoking Education Program

Responsible Department: Enterprise Risk management

Adopted: 10-28-14

Last Board Action: 10-28-14

Each college and the College District as a whole shall make every effort through education, counseling, and training to inform all students, faculty, and staff of the harmful effects of smoking or smoke inhalation. Programs of instruction and other materials shall incorporate information on the adverse effects of tobacco.

Smoke-Free Environment

Smoking is prohibited in all classrooms, laboratories, offices, conference rooms, hallways, and all other rooms in all buildings of the College District, and on all property which is owned, leased, rented, or otherwise under the control of the College District.

Smoke-Free Environment includes the prohibited use of tobacco products and vapor or e-cigarettes.
